Embleton View strives to support students in overcoming barriers to learning and life. We believe our school will nurture all individuals in their journey to achieve their full and unique potential. Our strategy for remote learning continues this ethos.

1. Aims

This Remote Education Policy aims to:

- Provide clear expectations for the members of the school community with regards to the delivery high quality remote learning.
- Include continuous delivery of the school curriculum.
- Support effective communication between the school and families and support attendance.

2. Who is this policy applicable to?

- A student who is absent because they are awaiting test results and the household is required to self-isolate. The rest of their school bubble are attending school and being taught as normal.
- A student whose whole bubble is not permitted to attend school because they, or another member of their bubble, have tested positive for Covid-19.

4. Home and School Partnership

Embleton View is committed to working in close partnership with families and recognises each family is unique. Because of this remote learning will look different for different families to suit their individual needs. Where possible, it is beneficial for young people to maintain a regular and familiar routine. Embleton View will work with parents/carers so that each 'school day' has a set structure. We encourage parents/carers to support their children's work, including finding an appropriate place to work. Every effort will be made by staff to ensure that work is set promptly. Should accessing work be an issue, parents/carers should contact school promptly and alternative solutions may be available. These will be discussed on case-by-case basis.

Embleton View is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential.
